

## **Setting up the App Home management.**

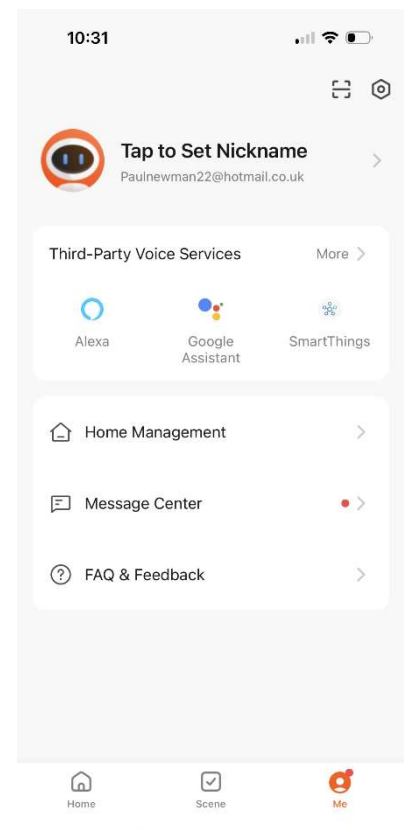

If more than 1-person downloads the E-Ferno Azar App and switches their mobile on within the same household will cause the App to be removed requiring the download to be started again, in this case to avoid this occurring you will need to set-up the Home Management pages of the App.

Only 1-person using their downloaded App can control the appliance at any one time.

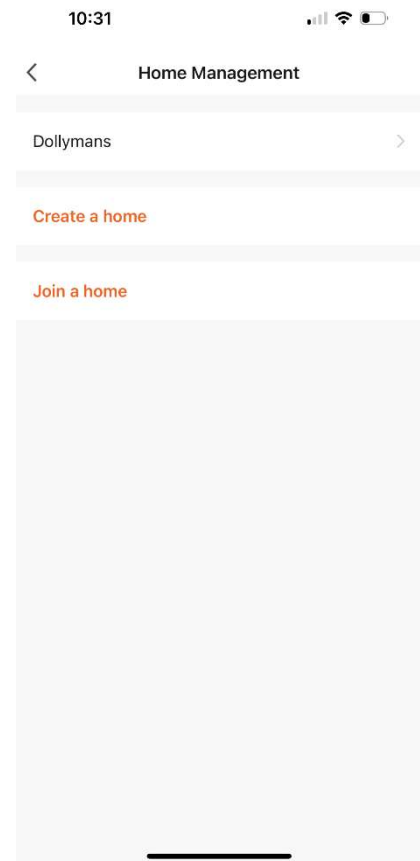

1. Go to the E-Ferno App home page and press 'Me' located to the lower right-hand side of the screen.

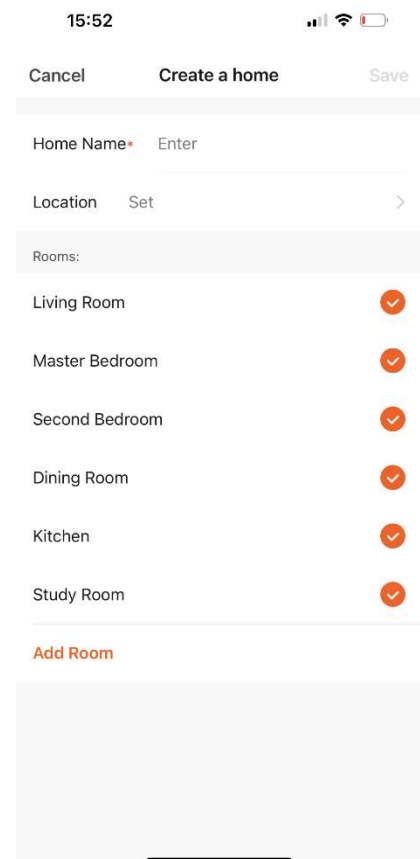

2. Press Home Management.

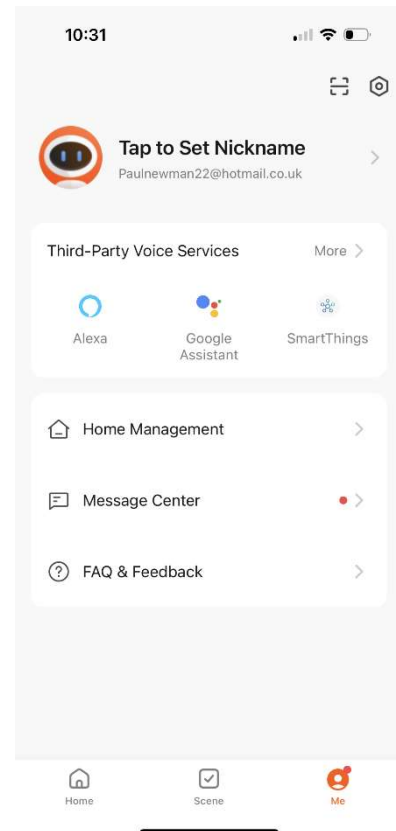

3. Press Create a home.

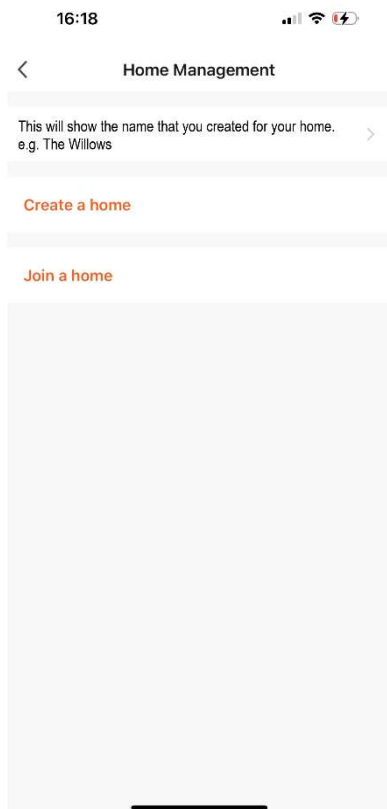

- 4.
- a) Enter your choice of home name.
  - b) Set location.
  - c) Set the room or rooms the appliance is installed.
  - d) Press Save located to the top right-hand side of the screen.

## 5. Press Home Management

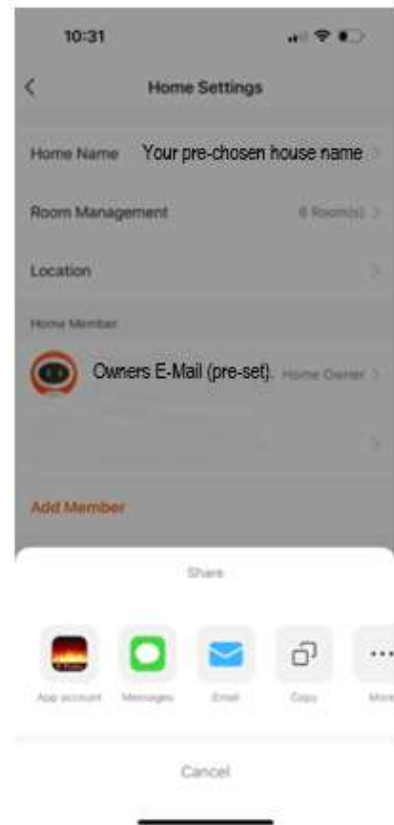

## 6. Click onto the name of your home.

7.

- a) Click on Add Member and the icons as shown below will appear in the screen.
- b) Click on the App Account.

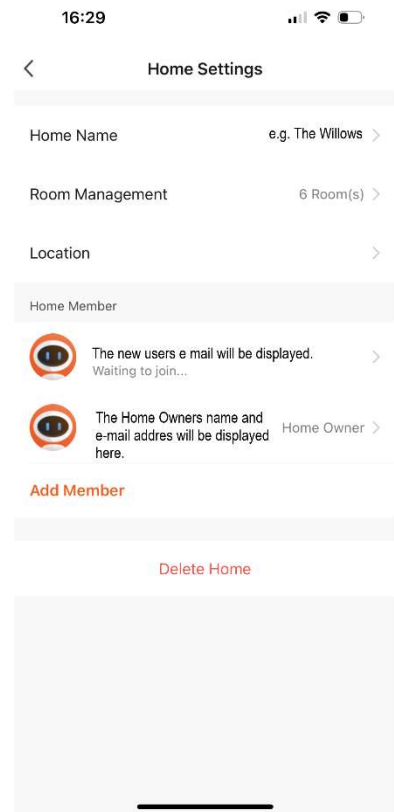

8.

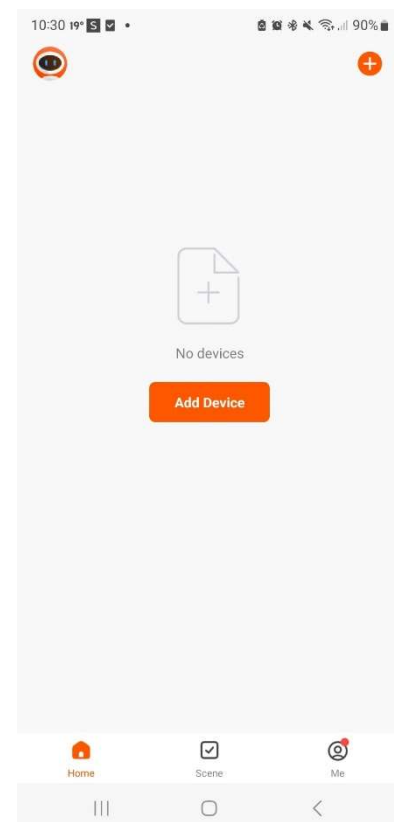

- a) Enter the name of the additional App user.
- b) Enter the new user e-mail as used when registering the App.

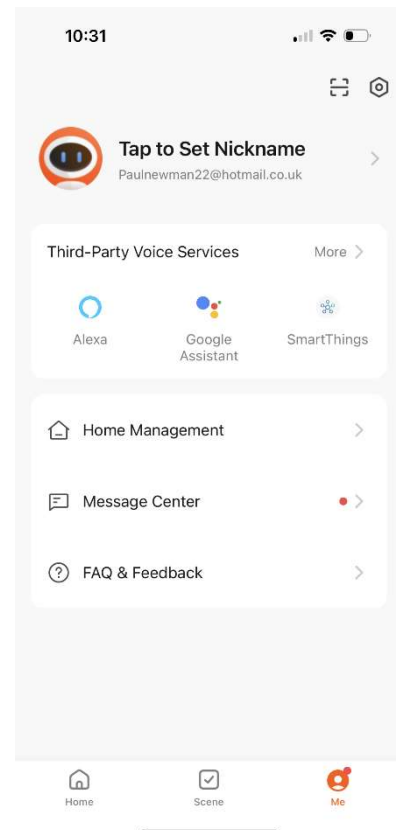

9. The home name given, Room Management, homeowners details & the new user details will be displayed, waiting to join will be displayed below on the home owners App.

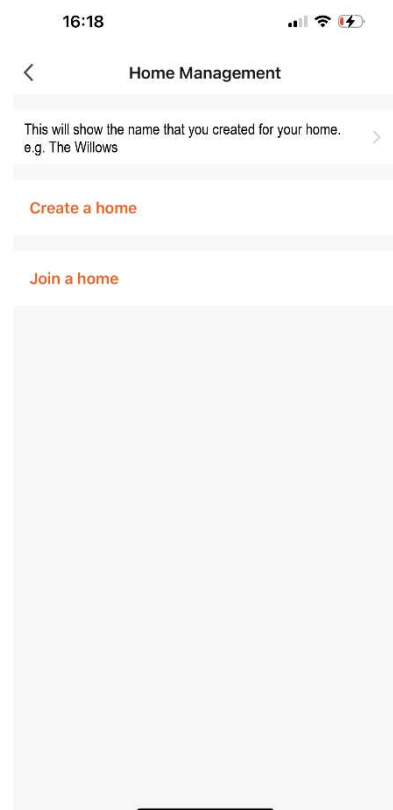

10. Press 'Me'

11. Press Home Manager

12. Click on the name of your house.

12a. Click on Accept.

The App will then appear.
